

Belmont Fire Commissioners Authorize Purchase of Truck

BELMONT—The purchase of a new fire truck for the Belmont Fire Dist. was authorized Monday at a meeting of the fire commissioners before a gathering of interested citizens in the Belmont fire house. This will be a Seagrave Co.'s V-12 type tank truck with 850 gallon water capacity and costing \$10,000.

Fire Chief Elbert E. Miller explained the needs for this truck, saying "We must have something that will get out and roll and that can do something when we get there."

He explained how in the hilly Belle Monti section and other parts of the city where there are no hydrants something more than a 350-gallon truck was absolutely essential.

He said he had received permission to sell the old "Miracle, la France" which was "just excess baggage" and this had been purchased for \$3000. The truck built by the Belmont Fire Dept. in 1928 was a wonderful job, he thought, but "is now on its last pins."

Mayor J. F. Furlong Jr. who was asked by John G. Smith, chairman, of the Board of Fire Commissioners of Belmont, to express his opinion, stated he was willing to accept Chief Miller's recommendation as to equipment without any quibbling, "as he considered him a competent and diligent chief, who had made a good impression on everyone, but what interested him most was how this was going to be financed and what the total cost to the district would be."

Previous to the mayor's remarks, F. W. Walters, representing the Seagrave Co., had said the company would handle the purchase through the bank at 6 per cent. Mayor Furlong objected strenuously to this saying the city could do

Show Broadcast From Theater

The Peninsula is on the air! Another "first" for San Mateo County will be realized Sunday when "Meet Me At the Movies," a full half-hour radio program will be broadcast from the Manor Theater, 25th Ave., San Mateo, over station KSFO from 2 to 2:30 p.m.

It is the first audience participation radio show with prizes, singing and stunts to originate from a motion picture theater on a regularly scheduled basis.

Master of ceremonies will be Bill Baldwin, sparkling NBC personality, who will use a roving microphone technique to coax humorous anecdotes and laughs from those he interviews in the theater audience.

Co-producers of the show are Hugh Wayne, who conceived and developed the Peninsula's first radio program, "Breakfast on the Peninsula," and Jerry Jorostow, manager of the Manor Theater.

The show is being sponsored by Smallcomb Chevrolet and the Blue Bird Drug Co. of San Mateo.

Baldwin, who has been an outstanding Bay Region radio figure for many years, is at present conducting two topflight NBS shows, "Night Editor" and "Light and Melow," both aired from San Francisco's radio city.

Program engineer is Bill Watson of Broadway, Burlingame.

Vocalist will be Bob Keely, San Mateo's popular young singer, with Elmer Vincent Jr. at the piano.

'Blossom Time' Heads for Curran

Lovers of fine music, lovers of bright comedy, lovers of traditional good theater, and just lovers in general, will welcome the 1945-46 revival of the nation's favorite operetta "Blossom Time" which is to be the attraction at the Curran Theater, San Francisco, starting Sunday evening, Nov. 18.

This tender and poignant operetta based on the life of Franz Schubert was first produced in Vienna in 1914, under the title of "Drei Madel Haus" and soon won international popularity by virtue of its romantic plot and its exquisite melodies adapted by E. Herte from Franz Schubert's own immortal music. By the early 1920s it surpassed even "The Merry Widow" in popularity and its fame soon became international. London first saw it under the title of "Lilac Time" and in 1921 it opened at the Ambassador Theater, New York, under the title of "Blossom Time."

For the American production the Messrs. Lee and J. J. Shubert had engaged Sigmund Romberg to adapt the music and the late Dorothy Donnelly to prepare the book. The premiere was greeted with much enthusiasm, and today, after almost a quarter of a century, "Blossom Time" is still continuing to make history in the American theater.

Robert B. Sutton Secures Divorce

Robert B. Sutton Tuesday secured his second divorce from Mrs. Margarita Bou Sutton, on cruelty charges, in superior court here before Judge Aylett R. Cotton. Sutton, whose complaint alleged the couple married in New York in November, 1938, declared the couple separated in August, 1941, but had previously been married in 1934, in San Francisco, and received an earlier final divorce decree in 1938.

Sutton agreed to continue \$50 monthly payments to Mrs. Sutton for support of their 10-year-old child, Barbara Joan.

Roof of Burning Home Collapses As Couple, Two Children Flee

Awakened by his children's coughing, Dean Sommerfield gathered his wife, Enid, and their two children, Deanne, 3, and Glen, 3 months, and escaped from their burning home just as the roof collapsed, before dawn Monday, on Canada Rd., three miles north of Woodside. They salvaged only the clothes in which they fled, and the family car, Sommerfield told Fire Chief John Volpiano of Woodside department. The house was destroyed with a loss of about \$5000, Volpiano said.

Without a telephone in his home, Sommerfield was forced to race his auto to the fire department to give the alarm. Firemen reached the scene a few minutes later but were able merely to stand by and prevent the flames' spread beyond the two-story frame structure.

Sommerfield, before taking his family to the home of his parents in Mountain View, told Volpiano he had been awakened about 5 o'clock this morning by the coughing of his daughter and son, sleeping in an adjoining room. He smelled smoke, he said, and roused his wife. Flames were roaring in the front part of the house, cutting off the front staircase. He led his family down the back stairs and into the two-car garage on the ground floor. Just as he backed the auto out of the garage, Sommerfield told Volpiano, the roof collapsed.

Chief Volpiano said the flames apparently had started in the apron of the fireplace, mushrooming under the floor. "Sommerfield, when he opened the garage door to flee in the car," the chief said, "evidently permitted the draft to enter and the flames gained immediate headway. It was a miracle the family awakened in time; another minute or two and they would all, probably have been burned to death."

The home consisted of the garage and another room, on the ground floor, and four rooms on the second floor. The fireplace fire had been lighted early in the evening,

K. L. Bowen Receives Discharge

After 3 1/2 years in the navy, Kenneth L. Bowen has received his discharge and is now back at his home in Redwood City at 820 Hopkins Ave. enjoying terminal leave.

Bowen, who was promoted to the rank of lieutenant commander last month, served as beachmaster and communications officer for the past 12 months on an attack transport in the Pacific. Just before returning to the states with 1935 naval officers and enlisted men, the ship, the USS Talladega (APA 208), carried 41st Division troops to Japan for occupation of the Kure and Hiroshima districts. It previously had taken cavalrymen to Tokyo, becoming the first ship of its class to dock in Yokohama.

For his work in the Pacific, which included participation in the attacks on Iwo Jima and Okinawa, Bowen wears the Commendation ribbon, Philippine Liberation ribbon, Victory ribbon and American and Asiatic campaign ribbons.

Redwood City firemen were roused at 11:11 a.m. Tuesday to answer what proved to be another false alarm at Hopkins and Grant Sts. Franksters, Dep. Chief Joseph Lodi declared, had pulled the alarm box at the intersection.

Hospital Committee To Issue Invitations to Meeting

City officials, chamber of commerce representatives and representative citizens of five communities adjoining Redwood City will be asked to attend a hospital committee meeting Nov. 25 when a proposed hospital district will be discussed.

The invitations, approved at Monday's meeting of the hospital committee, will be extended to an estimated 50 persons who will be presented with the plan to form a hospital district for construction of a hospital here.

Although the committee has made no recommendations concerning the proposed hospital, Dr. Thomas R. Ponton who last Spring conducted a survey here, strongly recommended formation of a district according to state legislation then pending.

The bill, recently enacted in Sacramento, makes possible formation of a hospital district, comparable to a school district.

The district proposal received the endorsement of Redwood City physicians Oct. 28.

The coming meeting will be held at the home of Dean Sommerfield, who had learned, to take the chill off the home. Stray sparks, apparently cracking from the fireplace proper, apparently started the blaze at the fireplace apron.

Sommerfield managed to don pants, slippers and a bathrobe, Volpiano said. His wife and children, however, escaped only in their nightclothes.

Before the Crusades, sugar was not known in Northern Europe.

Long Distance calls are still at an all-time high on the Pacific Coast
But we're working night and day to bring service back to normal
Here on the Pacific Coast, Long Distance telephone calls are still at the same high level they reached just before Japan surrendered. That is why... even though we are already making headway in bringing service back to prewar standards... there may still be a delay before we can complete your Long Distance call, or the operator may ask you to limit it to five minutes. We want you to know, however, that we're doing everything possible to hurry the day when we'll again be able to handle promptly any Long Distance call you want to make... anywhere.

he'll say . . .

Maritime Commission Rule Hits Port of Redwood City

The Port of Redwood City will be unable to collect approximately \$70,000 in accumulated service fees, and in the future will be unable to charge a service fee for additional revenue, the United States Maritime Commission has ruled in a precedent-setting hearing.

The decision, which was disclosed Monday by Port Mer. A. A. Moran, concerned a contract with the Permanent Cement Co., which asserted no service charge could be placed against the company.

The port commission sought to break the contract on the grounds that it was discriminatory.

However, the maritime commission ruled the contract was not discriminatory and that its provisions should apply to all other ships using the port's facilities.

Discharged Pilot Cracks Up Plane

J. A. Darrs, former army pilot, probably prefers his personal tandem trainer to his personal tandem trainer, after Saturday afternoon's initial flight at San Mateo, according to the California Highway Patrol, assembled the tiny plane at a garage near 19th Ave., San Mateo, and decided on a trial flight.

He used 19th Avenue's paved highway as a runway.

The plane took off, careened into utility company wires along Bayshore Hwy., and smacked into disused salt beds along the highway. Darrs was uninjured, CHP officers reported. Damage amounted to about \$1000, patrolmen said.

NORTHERN CALIFORNIA... hub of the Nation's fastest-growing market

How permanent is the West's industrial growth?

You've heard that the West has a big future. But is it a far smaller degree than you might have imagined? Actually, the greater part of its spectacular wartime industrial and population expansion was solid growth.

Did the West, when a genuine market, will emerge from its recovery more powerful than ever before.

A recent poll of top Western managers, for example, 40% of the 100 executives surveyed said they expected to provide more employment after the war than before, and only 10% said they would provide less.

Northern California... industrial center of the New Pacific World
PACIFIC GAS AND ELECTRIC COMPANY

P. G. and E. engineers will help you locate your plant. A well-known Pacific Gas and Electric Company engineering staff has been building and helping to build many of the nation's largest industrial plants. This staff works closely with established agencies throughout the West, and its service includes all phases of engineering, design, construction and operation.

If you are planning to open a new plant, or to expand an existing one, you will find the Pacific Gas and Electric Company's engineering staff a most valuable asset. They will help you in every way possible.

For more information, or assistance in locating your plant, contact the Pacific Gas and Electric Company, San Francisco 4, California.

THE NATION'S FASTEST-GROWING MARKET —based on permanent industrial growth!

Northern California and the West have much to tell and show the Nation. In Northern California particularly, the spectacular wartime industrial growth has been widespread and diversified. Yet this area has had few war baby industries to impede immediate reconversion to its postwar economy.

The industrial West and the potential markets surrounding the hub of Northern California are rich in opportunity.

Every community in Northern California has a stake in the busy future that is starting now. Business and industrial leaders in the East have many plans for Western expansion. Your gas and electric company is working to help them and to help your community.

The advertisement reproduced above, is the second in a series of national advertisements to attract new business and industry to Northern California. This national advertising campaign reaches the more than 5,450,000 readers of TIME, SATURDAY EVENING POST, WALL STREET JOURNAL, NEWSWEEK, FORBES and UNITED STATES NEWS.

BILLY BRAND

STORIES OF HOW NAMES HELPED MAKE AMERICA GREAT

WANT TO HEAR THE STORY OF SUGAR, BILLY?

ACCORDING TO AN ANCIENT HINDU LEGEND SUGAR CANE WAS CREATED TO HELP MAKE EARTH A PARADISE FOR AN INDIAN PRINCE.

TASTE, OH HIGHNESS, THE SWEET OF THE GODS THEMSELVES.

CENTURIES LATER CRUSADERS RETURNING FROM THE ORIENT INTRODUCED SUGAR TO THE PEOPLE OF EUROPE.

WAIT UNTIL YOU TASTE THIS, IT'S CALLED SAKKAR—AN ARAB WORD.

IN 1492 COLUMBUS PLANTED SUGAR CANE IN THE NEW WORLD. BY 1532 THERE WAS A SUGAR MILL IN BRAZIL.

IF WE CAN RAISE SUGAR CANE THIS VENTURE MAY BE AS PROFITABLE AS THE ONE I HOPED FOR.

BUT SUGAR WAS SCARCE IN THE COLONIES. SETTLERS DEPENDED FOR SWEETNESS ON MOLASSES, HONEY AND MAPLE SAP WHICH THE INDIANS TAUGHT THEM TO USE.

NOW MAKE FIRE AND BOIL SAP.

AS PEOPLE MOVED WEST SUGAR WAS STILL A LUXURY AND MOLASSES, KNOWN AS "LONG SWEETENIN'", WAS OFTEN USED INSTEAD.

WILL YOU HAVE LONG SWEETENIN' OR SHORT IN YOUR TEA, MISTER?

SHORT, IF IT AIN'T ASKIN' TOO MUCH.

SUPPLIES INCREASED QUICKLY WITH THE MODERN WAY OF REFINING. BUT ALL SUGAR WAS SOLD FROM UNSANITARY, OPEN BARRELS.

DID YOU SAY 5 POUNDS?

YES...MA'S MAKING COOKIES.

THEN THE REFINERS PUT SUGAR IN SMALL BOXES AND BAGS MARKED WITH THEIR NAME WHOSE CONVENIENCE, CLEANLINESS AND STURDINESS MADE THEM POPULAR.

NOW I CAN ALWAYS GET REALLY PURE SUGAR.

IN A BOX! THAT'S A REAL IDEA!

NOW BRANDED SUGARS HAVE BEEN DEVELOPED FOR EVERY PURPOSE. IN ORDINARY TIMES THE AVERAGE AMERICAN USES NEARLY 100 POUNDS A YEAR.

WONDERFUL WHEN WE CAN GET ANY KIND OF SUGAR WE WANT—LUMP, CUBES, FINE POWDERED, BROWN OR YELLOW.

Nine More Navy Enlisted Men Receive Discharges at Shoemaker, Return Home

Nine more navy enlisted men at the University of California this morning from Redwood City have received their discharges from Camp Shoemaker, the separation center announced Wednesday.

They are Quartermaster 1/c J. K. Newman, Soundman 1/c Elmer J. Knitter, Ship's Cook 1/c Eugene R. Aragon, Electrician's Mate 1/c James F. Teague, Motor Machinist's Mate 1/c Norbert C. Semper, Aviation Machinist's Mate 3/c Joseph M. Pardew, Machinist's Mate 1/c Alfred Dubuc, Carpenter's Mate 1/c Jose C. Asturias.

Newman, who resides with Mrs. Ethel Scheiber at 4 Hyde St., entered the navy in March, 1942. He saw action in both the Atlantic and Pacific Theaters. The Sequoia High School graduate holds the Good Conduct Medal, the American and African-Middle East Theater ribbons, with five battle stars.

His brother, Capt. Alfred W. Newman of the infantry, has also been released from service and is en route to Westfield, N. J., to join his wife, the former Katherine Smith. They were married May 1 following Newman's return from overseas after being wounded in action against the Germans. The captain will resume his law course.

Soundman Knitter has returned to Redwood City to make his home although his parents, Mr. and Mrs. Elmer T. Knitter, have moved to Lakewood, O. Last November, he returned to his Redwood City home for the first time in three years after participating in landings at Sicily, Salerno, Anzio and Southern France. One month after graduating from Sequoia in January, 1942, Knitter left for navy duty. His family formerly lived at 1983 Cordillera Rd.

Aragon lives at 109 Oak Ave. Dalezal gives his address as 258 C St. Radioman Teague lists his address as Birch St. and Pardew is a resident of 253 Oliver St.

Dubuc, son of Mrs. C. A. Dubuc of 227 Hopkins Ave., served in the navy nearly four years. Of that period, he was overseas some 38 months in the Pacific and Aleutian areas. He was stationed on the destroyer Lawrence which has now been put out of commission on the East Coast.

A former Sequoia student, Dubuc intends to enter San Mateo Junior College to continue his education. He holds the Asiatic-Pacific Ribbon, the Good Conduct Medal, American Theater Ribbon and the American Defense Ribbon.

Wartime development of radar cost three billion dollars, half again as much as was spent producing the atomic bomb.

Oakland Man Held In Tum Sudan Case

Richard Worswick, 23, Oakland, who attempted to collect \$10,000 ransom for the return of missing, Dickie tum Sudan, 3, had nothing to do with the child's disappearance from his Goodyear Bar home Nov. 1, police said.

The former soldier, held in San Francisco city prison for further investigation, told officers he called the child's aunt, Mrs. Crane Gardner, last Thursday to demand \$10,000 for Dickie's return. Later, he said, he reduced the amount to \$2500. Worswick said he needed the money to cover bad checks he had written in San Francisco and Oakland.

No trace of the child has yet been discovered. Sierra County officials said they believed the child kidnapped.

S.M. High School Wins Suit Here

Interlocutory judgment of condemnation was ordered recently by Superior Judge Aylett R. Cotton in suit filed by San Mateo Union High School District seeking acquisition of 11 acres in the Capuchino Golf Course subdivision for eventual erection of a high school structure.

Settlement between the high school district and Scoble, Inc., owners of the property, was stipulated in the judgment by stipulation. The district will pay the property owners \$9740.98 for the acreage and for severance damages. Suit was brought originally against Dr. S. J. Leider and the Citizens Trust & Savings Bank of Los Angeles.

Notice is hereby given that Monday, the 3rd day of December, A. D. 1945, at 10 o'clock a.m. of that day, and the Court Room—Probate Department No. 1 of said Court, at the Court House in Redwood City, in the County of San Mateo, State of California, have been appointed as the time and place for proving the will of MARGARET MARY CUNNINGHAM, deceased, and for hearing the application of HILARY H. CRAWFORD for the issuance to him of Letters Testamentary thereon. Reference to said petition is hereby made for further particulars.

(SEAL) W. H. Augustus, Clerk; by Tullie Chiofalo, Deputy Clerk; Hilary H. Crawford, Esq., Mills Bldg., 220 Montgomery St., San Francisco, Calif., Attorney for Petitioner. Dated November 15th, A. D. 1945. (Endorsed) Filed Nov. 15, 1945. W. H. Augustus, Clerk; by Tullie Chiofalo, Deputy Clerk.

To Investigate Bus Loading Tieup

Directors of the Redwood City Chamber of Commerce Monday named a committee of two—Francis Britschgi and Past Pres. Ferris W. Miles—to investigate the bus loading area problem on Broadway and to urge speedy solution.

R. F. Martin, owner of the Redwood City Bus Lines, told the board that he had been seeking a solution to his loading area problem for three months, and had even been threatened with parking tickets if he did not move his vehicles from the loading area now used on Broadway near the railroad tracks.

The directors also approved a business planning institute for Redwood City in the last two weeks of January, made preliminary plans for the annual election of officers and for the annual meeting.

The board commended the American Legion for its desire to erect a modern memorial building on El Camino Real.

Edward H. Thoenke Receives Discharge

Sgt. Edward H. Thoenke, of Redwood City, has received his discharge from the army air forces, the Sioux City, Iowa Air Base announced today.

Thoenke served as a baker during his tour of duty with the AAF. Prior to entering the service, he was an auto mechanic.

PUBLIC NOTICE

Hilary H. Crawford, Esq., Notice of Time Appointed for Probate of Will—No. 1237.

BLOW-OUT

EVERY RIVERSIDE PLY IS 12% STRONGER

TO GIVE YOU GREATER PROTECTION AGAINST BLOW-OUTS

Everyone dreads the sudden danger of a blow-out. That's why Riversides are now built 12% stronger than our extra-safe, pre-war tires! Every ply is stronger because each individual cord is stronger to begin with; then chemically strengthened to stay stronger longer! Next, the cords are liquid-dipped to "weld" them together... then cushioned in rubber! Finally, the plies are cemented together before vulcanizing. In a Riverside every care is taken to provide real protection against blow-outs!

MONTGOMERY WARD

County's Accident Toll Over Armistice Day Is 2 Dead, 30 Hurt

San Mateo County's highway accident toll continued Tuesday, with one death and 12 injured, to bring the Armistice Day weekend accident total to two persons dead; 30 injured.

Dead today was Mrs. Dora Evanson, 67, 531 Visitation Ave., Brisbane, who was injured Oct. 27, on Bayshore Hwy. when she was struck by the auto of Chester C. Jones, 57, Ripon, a state racing board steward. Police, at the time of the accident, said Jones was not at fault, the accident occurring when Mrs. Evanson crossed the highway after leaving a bus.

Critically, and possibly fatally injured Monday night on Bayshore Hwy. at Cooley Ave. East Palo Alto, was Michael Connelly, 63, address unknown, who was struck as he crossed the highway. California Highway Patrol officers said Connelly was apparently walking across the highway as he was hit by the car of Joseph Murphy, 67, San Jose plumber, who was driving south. Connelly's body, officers said, was hurled by the impact into the northbound traffic lane, where it was run over by an unidentified motorist who failed to stop. Taken to Palo Alto Hospital, Connelly was said to be in a critical condition with probable internal injuries.

Dep. Sheriff John Lemon of East Palo Alto, escaped serious injury, as did two Redwood City girls whom he was attempting to assist when a truck and trailer crashed into Lemon's car and crushed it in what the CHP called the "most spectacular accident" investigated in the county. The car in which the two girls rode was shuttled off the roadway into the ditch by the impact.

Lemon, he reported to CHP officers, was pushing the car south of Maclovio Rose Trujillo, 17, 440 Middlefield Rd., Redwood City, along Bayshore Hwy. just south of Willow Rd. about 4 a.m. Tuesday morning when his patrol car, when the machines' bumpers locked. The Trujillo machine had failed to start and Lemon answered the girls' appeal for assistance by using his car to push the stalled auto, he said, when the bumpers locked. Lemon stepped from his car and attempted to unlock the bumpers when he saw the truck-trailer bearing down on them. His signals did not attract the driver's attention in time, he said, and the heavy vehicle-combination jammed into his car, flattening it. Lemon told officers he jumped aside just before the impact and suffered only minor scratches and bruises. Miss Trujillo and her unnamed companion suffered minor bruises when their machine came into the ditch from the impact.

Louis J. Pagani, 34, Watsonville, driver of the truck-trailer combination, was not held.

Seven persons were injured, none severely, in a six-car accident on Bayshore Hwy. just south of Millbrae Rd. late Monday afternoon. According to CHP reports, all cars were northbound, and failed to stop speedily enough at the intersection. Drivers included Edgar Yancy, 25, 6925 Mission St., San Francisco; Mrs. Ethel E. Dudley, 39, 383 Coleridge St., San Francisco; her husband, George J. Dudley, 40, Harriet E. Glatz, 29, Tranquility, Fresno County; Charles Thierry, 38, 2425 Mission St., San Francisco; and Robert L. Brasker, 39, 118 7th St., Sacramento.

Dudley was driving a sedan, and his wife a coupe, CHP reported. Impetus for the six-car crash came when Yancy's machine crashed into that driven by Mrs. Dudley, which in turn hit Mrs. Glatz's machine, which struck Dudley's car, which careened into Brasker's car, which smashed the Thierry machine.

Injured included Joyce Yancy, 4, Mrs. Glatz and her passenger, Mrs. Lynn George, 37, all of Tranquility; Ruby Dudley, 22, and Georgia Dudley, 19, and George Dudley. All were treated at Mills Memorial Hospital and returned to their homes.

Marie Skinner, 58, 1637 Sacramento, San Francisco, suffered minor injuries Monday afternoon at El Camino and Harrison St. here when the car driven by her husband, Joseph, 57, crashed into the rear of an auto driven by Doris Berens, 40, 7th Ave., Redwood City. Neither Skinner nor Miss Berens was injured. Mrs. Berens was treated at Palo Alto Hospital for a possible wrist fracture and cuts and bruises.

Now in a fair condition at Community Hospital, a Bay Meadows groom Monday drove his car directly into the path of a Southern Pacific train in San Mateo and was dragged more than 100 yards to the railroad tracks.

He is Leonard O. Cassidy, 58, now living at Bay Meadows. According to hospital authorities, he has a possible fractured skull and head lacerations and possible fractured ribs.

In his possession at the time of the accident were \$2055 in currency, personal papers, a stock saddle and bridle. The cash and articles were claimed at the San Mateo police station by Cassidy's son, James Cassidy, a Bay Meadows jockey.

According to Robert Mansfield, 894 Coolidge Ave., San Mateo, flagman at the Broadway crossing where the collision occurred, Cassidy drove his car into the path of the northbound train despite the flagman's signal and vocal warning. The accident occurred a little after 2:30 p.m.

Mansfield told San Mateo police that Cassidy had stepped on the west side of the tracks to let a southbound train go by, before the groom started up and drove into the path of the train which struck his car.

The Cassidy car was totally demolished.

A Redwood City man was injured, apparently not seriously, in a three-car and bus crash on El Camino Real at Sherman St., South Palo Alto, Monday at 3 p.m.

Elizabeth Hutchinson, Woodside Glen, Redwood City, incurred a bump on the head when the car in which she was riding with Homer J. Hutchinson became mixed up with a collision with a Greyhound bus operated by Andrew J. White,

Woman Pedestrian Killed When Struck by Auto at San Mateo

One person was killed and 19 others injured in automobile accidents throughout San Mateo County during Armistice Day weekend.

Three motorists were jailed on charges of driving while intoxicated. The fatality occurred in San Mateo Saturday night, when Estelle Sollers, 43, 345-25th Ave., was killed when struck by an auto driven by Lloyd E. Nance, 45, 1501 Forest View Ave., Burlingame. Frank Lee, 28, 235 Madrid St., recently discharged soldier, suffered a fractured left leg in the same accident. Nance was not held.

Three persons were injured Monday when two automobiles collided on Bayshore Hwy., in South San Francisco. Mrs. Meta Allen, 49, 63 El Bonita Way, Millbrae, suffered scalp lacerations; Mrs. Annie Huber, 63, Fresno, suffered a fractured wrist and face cuts and Joseph S. Sismanovich, 32, sailor stationed at Treasure Island, suffered cuts and bruises. All were treated at South San Francisco Hospital. Henry Allen, husband of Mrs. Meta Allen, drove one machine. Sismanovich drove the other auto. Allen was unhurt.

Lum Yat, 50-year-old Millbrae Chinese, suffered minor injuries Saturday evening when the car in which he was riding with Paul Lum, 21, 106 St. Anne, San Francisco, collided at Bayshore Hwy. and 19th Ave. San Mateo with one driven by Frank Yap Chuck, 45, 291 Stanford Ave. Palo Alto. Chuck and Lum were unhurt.

Frank J. Balestrieri, 27, 1433 Chestnut St., San Francisco, suffered minor injuries Saturday evening when his car collided with a Greyhound bus driven by James H. Hanson, 27, 610 Roosevelt St., Salinas, on Bayshore Hwy. near Willow Rd. East Palo Alto. Neither Hanson nor the passengers on the northbound bus were injured.

Marie Dunn, 29, suffered minor injuries when the car in which she was riding with Ritchie L. Dunn, 43, 2480 Washington St., San Francisco, collided with a machine driven by James H. Hanson, 27, 610 Roosevelt St., Salinas, on Bayshore Hwy. near Willow Rd. East Palo Alto. Dunn was treated at Mills Memorial Hospital.

Sunday morning, on Bayshore Hwy. near Millbrae Rd., 14, of 1625 Bayshore Hwy., suffered possible leg fractures and internal injuries when the car he was driving went

out of control, skidded 200 feet across the highway and crashed into a tree. The boy was alone in the machine. Passing motorists notified the highway patrol and took the boy to Palo Alto Hospital for treatment.

Sunday evening, Lawrence A. Bailey, 48, 940 Junipero Serra Blvd., San Francisco, suffered fractures of both legs when he walked onto El Camino Real behind his parked car and was struck by the auto of Allen Donahue, 35, 435 Grand Blvd., San Francisco. Donahue, a sailor, told CHP officers Bailey strode onto the highway suddenly, near Millbrae intersection.

Five persons were injured in a four-car collision at Bayshore Hwy. at Mills Field intersection at 5 p.m. Sunday, when a car driven by William Lee Duncan, 42, Los Gatos, crashed into three cars which had stopped on the highway. Duncan, charged with drunk driving, suffered minor cuts and bruises, as did Mrs. Billie Baron, 21, Los Gatos, riding with him, and her son, Edward, 3. Also injured were Agnes Kralich, 64, 673-5th Ave., San Bruno, and Anne Kralich, 25. Mrs. Kralich suffered chest bruises and shock. Anne suffered concussion and minor cuts and bruises.

Twenty minutes later, in a three-car collision in almost the same spot on the highway, passengers in the automobiles were injured, although none of the drivers was hurt.

Jean Nielson, 23, riding with Emory Nielson, 24, 18 Vermont St., San Francisco, suffered a fractured right leg. Amelia Micallef, 48, 1225 Goettinger St., San Francisco, suffered severe scalp injuries. She was a passenger in the auto of Angelo J. Micallef, Mrs. Elsa Inez, 22, 46 Wheat St., San Francisco, riding with Joseph H. Haskishian, 28, 219 Clement St., San Francisco, suffered only minor injuries. All were treated at Mills Memorial Hospital.

Mrs. Mamie Hester, 73, 233 Aspen Ave., South San Francisco, suffered face and hand cuts when she was struck by the car driven by James L. Rich, 21, 107 Sycamore St., South

Commuters May Pay Extra Fare

Proposals for underground garages to alleviate San Francisco's parking problem were made simultaneously Wednesday as Utilities Mgr. James H. Turner recommended 8 1/3 to 10 cent boosts in Municipal Railway fares.

Works Director H. C. Vensano proposed a series of 10 underground garages surrounding the shopping and financial areas as a means of eliminating street parking to police commissioners. Proper location of the garages would make it possible for a shopper to select the nearest one to a downtown destination and be within 1800 feet walking distance of the destination, Vensano said.

Although the garages would have to be financed by private capital, "I believe such structures could be made profitable," he said.

Hearing on the proposed fare increase was scheduled for Dec. 3, after Typing recommended the raise to the utilities commission. He recommended a raise to 8 1/3 cents on the basis of three tokens for a quarter, and a 10 cent fare for casual riders not best tokens. The higher fare is essential to rehabilitate the Municipal Railway on a "pay as you go" basis, he declared.

To give the necessary service, we must spend approximately \$25,000,000 in the next five years on new rolling stock, new rails, new paving and new terminal facilities," he said.

"All we want to do is give the best service possible at cost. It can't be done with the equipment

Father, Son, Daughter Held as 'Car Boosters'

Possibility Sheriff James J. McGrath's deputies might have in custody the gang of "car boosters" which has ravaged parked autos throughout the Peninsula the last few weeks, was seen recently with the arrest before dawn of a father, son, daughter and their companion at Bayshore City.

Charged only with petty theft, the quartet was being questioned today concerning numerous recent thefts of accessories from parked autos. Dep. Sheriff Jack O'Brien declared one member of the group allegedly confessed they had attempted to "boost" articles from two parked cars last night.

Arrested by two special San Francisco police at Bayshore City shortly after 2 a.m. and given in custody to Sheriff McGrath, were Fred E. Vullmahn, 42, 297 Wheeler Ave., San Francisco, an engraver; his son, Gerald, 18, merchant seaman; his daughter, Mrs. Claire A. Ahlback, 22, a clerk, and Robert L. Naipo, 23, 2754 San Bruno Ave., San Francisco, also a merchant seaman.

The patrolmen, George Hughes and Ben Mendoza, told Deputies they caught the four rummaging in their patrol car parked outside a cafe near Bayshore City while the officers were eating.

Hughes said he and Mendoza found Naipo and Gerald Vullmahn in their car when they came out of the cafe, and discovered Mrs. Ahlback seated in her father's car wearing Hughes' overcoat. In the Vullmahn car, Hughes reported to deputies, they found two hub caps which Naipo asserted Gerald Vullmahn had taken from another parked auto outside a restaurant at Third and Williams Sts. in San Francisco earlier in the night.

Deputies said the quartet denied steadfastly they had attempted to "boost" any other autos, and declared that they had been drinking and were looking over the patrol car merely as a "joke."

Lions Club Sells \$1425 In Street Bond Sales

Arthur Swift, Lions Club Victory Loan Campaign chairman, announced Monday that the organization sold \$1425 in bonds at its street sale Saturday. The American Legion is scheduled to conduct the street sale next Saturday.

News of Commuters

By LOCOMOTIVE BILL

Commuters turned out in large numbers last Thursday evening to attend the regular monthly dinner meeting of the Commuters Club at Grace and Pierre's. This was the first dinner meeting held by the club at this restaurant in several years and was featured by a very fine talk on Latin-American affairs given by Dr. Don Jose Aubertine.

Dr. Aubertine spent considerable time in Central and South America and gave his listeners some inside information on diplomacy as practiced by our representatives in the territory south of the border. He praised the fine work done by former Secy. Cordell Hull and Asst. Secy. Nelson Rockefeller in countering Axis propaganda during the war. He stated that these men

were well liked and thus were able to do some effective propaganda work in the midst of large colonies of Germans, Italians and Japanese. He declared that the motion picture, radio and press provided the medium for creating an effective impression of our way of thinking to Latin-Americans.

In discussing motion pictures, he informed his listeners that in Mexico alone 500,000 people a month saw American motion pictures.

When speaking of Argentina, which he termed the bad boy of the whole deal, he stated that the people generally are not in accord with their leaders and attributes the power of money as the reason for maintaining them in control.

In his closing remarks, Dr. Aubertine pointed out the importance of training career men for the diplomatic service. He declared that in the past American solidarity was seriously hampered by incompetent representatives and cited the case of one representative who had to be recalled after a short term in a Central American country because of his weakness for the "demon rum."

Edgar Blom, the new city manager of Redwood City, was introduced to the commuters by Councilman Chester Armstrong. His short talk was well received by his audience and he created an excellent impression, judging from the

comments of the members after the meeting. The meeting was also featured by a 10-minute talk by T. Clark Rice, San Mateo County recorder, who gave an interesting talk on the duties of his office.

Meeting highlights: Tom Cutting never looking better in his masterful introduction of the speaker. . . Martin Levy, John Eschelman, Fred Dutweiler and Tom Giannini enjoyed their first outing in months. . . Ben Esposito and Hap Powell trying to outtalk one another, with the verdict a draw as the meeting ends. . . Bert Conroy maintaining his record of never missing a commuter meeting. . . Al Armitage,

club treasurer, counting the commuters. . . Clarence Brizee, the president, whispering to the audience until someone yelled "louder." . . Bill Silverthorne's giggle.

Sparks: Wrex Cruise leaves for the Hawaiian Islands after his promotion to assistant first vice president and general manager of Transcontinental and Western Airlines, with headquarters in Honolulu. . . Stanley Perkins appointed Commuter Club representative on the Redwood City Chamber of Commerce. . . Southern Pacific Co. distributes cards to commuters suggesting they assist their home community in buying bonds in the town in which they live.

The parking problem in Redwood City is becoming more acute daily and the time is approaching when the city fathers are going to have to do something about it. The merchants are being asked to modernize their stores in order that more people will shop in Redwood City. It is only fair to them that the city plan parking facilities adjacent to the business district.

This might be accomplished by condemnation proceedings by reason of a recent law passed by the state legislature which will permit cities to acquire property for parking in business areas.

Directors of the Commuters Club met at the home of Miles McDonald. Director McDonald had a large turnout for the meeting and the consensus of opinion was that it was the most spirited in months. Considerable business was transacted with the important transportation problem being the subject of considerable discussion. Chmn. William Curran reported his committee has done preliminary work of a constructive nature in conference with both Southern Pacific and Municipal Railway officials.

Commuter Club agenda: Lunch-on meeting, St. Julien Restaurant, Monday, Nov. 19. . . Directors' meeting, Tuesday, Dec. 4.

Syndicate May Buy Home Site

Revival of possibility the county's juvenile detention home site may be purchased by a Redwood City syndicate for a reported \$70,000 to \$75,000 as site for a modern hotel and business block came as E. H. Cosgriff, chairman of the county probation committee, urged immediate action by supervisors to secure a new detention home.

Cosgriff, meeting with his committee here yesterday afternoon, re-affirmed the group's earlier resolution that "time is of the essence" in securing modernized facilities for the juvenile home, preferably on the present site on Lower Broadway.

"It is my understanding," he said today, "that a syndicate of business men is interested in buying the present property, including the county's agricultural department building, for use as an investment property. I am informed that about \$75,000 would be paid."

"This, with the \$50,000 the county has already set aside for construction of a new home, would enable us to purchase the 13-acre tract we have previously approved on Woodside Rd. That site is large enough for a home and for the agricultural department as well."

Cosgriff said he had advised the supervisors of the possible sale of the present home site, and that his group urged its acceptance.

"That recent fire, in which a boy set his room ablaze and only the quick thinking of attendants and prompt co-operation of fire and police departments averted what might have been a catastrophe," Cosgriff pointed out, "show what great immediate need there is for action."

"We can build on the present site," he said, "or we can build on the Woodside Rd. site if there are truly buyers for the Broadway site. Whichever proposal is accepted by the board, action should be taken as soon as possible."

Radio hooked up San Carlos, Tokyo, New York City, Rapid City, S. D. and Berlin Sunday when Lt. Col. Albert W. Stevens, flight commander and technical observer of the stratosphere balloon which set and holds the world altitude record, spoke from his San Carlos home to fellow scientists on the balloon record's 10th anniversary.

Stevens said Monday that the broadcast was sponsored by the army air forces and the National Geographic Society to commemorate the 72,395-ft. flight made into the stratosphere from Rapid City, S. D. on Armistice Day, 1935.

Maj. Gen. Orvil Anderson, the balloon's pilot, talked with Stevens from Tokyo while Gen. H. H. Arnold, commander of the AAF, chimed in from New York with words of appreciation, saying that the flight, "Gave us information and data

which fortunately for us was far reaching."

The broadcast opened at Rapid City, site chosen for the balloon flight because of its location and weather conditions, when Dr. Gilbert Grosvenor, president of the geographic society, unveiled a plaque commemorating the venture which has made world history.

Maj. Gen. Curtis LeMay, who commanded the 20th Air Force in the Pacific, also spoke from Rapid City and told of the great contributions made to the technical success of flying during World War II from research conducted before and during the balloon flight. He said that pressure chambers and aerial photography were vitally advanced by the scientific discoveries made by the men.

The broadcast was recorded at Colonel Stevens' home, 400 Hillcrest Dr., beginning at 9:30 a. m. Sunday by the National Broadcasting Co. and was rebroadcast over KPO at 11:30 p. m. Stevens said that he was able to hold a personal conversation with General Anderson in Tokyo after the recorded talk and that it "was amazing to talk with someone in Tokyo as if he were in the next room."

Speaking from Berlin, Maj. Gen. William Kepner, commander of the first flight in 1934 when he had to bail out with Stevens and Anderson after the balloon burst, declared that "Air warfare against

Grand Jury To Question Peterson

Return of Mills Memorial Hospital Annex at the Community Hospital to county control as a nursing home for aged and the blind, was recommended Wednesday by Dr. Charles C. Gans, county director of public health.

Dr. Gans made the recommendation in a letter to Frederick Peterson, county executive, urging return of the facilities to reduce the county's monthly \$8100 expenditure for such aged and blind cases.

Mills Memorial Hospital of San Mateo, operating the facilities on a "monthly basis," would turn over the building to the county on 30-day notice, Dr. Gans said, if his recommendation is approved.

Dr. Gans said his recommendation came after the grand jury headed by Foreman Glen O. Smallcomb, suggested use of the county-owned property to reduce the present \$800-per-month cost for aged and blind cases to between \$50 and \$75 per month.

Lack of private nursing home facilities in the last few years, coupled with the increased case load, Dr. Gans said, make it impossible for the county to operate economically otherwise than by using the so-called Mills Hospital Annex facilities.

Dr. Gans' letter pointed out that some 60 clients have been cared for in nursing homes monthly as social welfare department cases, with about 17 clients cared for by the medical welfare department and 10 cases at the county relief home.

Inability of the health department to secure adequate facilities in private nursing homes, overcrowded and more the last few years, Dr. Gans said, led to his recommendation to return the annex to county control. He intimated the \$8100 monthly cost of servicing clients would probably be cut to \$4000 or \$5000 by such a move.

The Nazis profited greatly from the data obtained on the flight.

Stevens said that study is continuing on possible balloon flights because, "You can sit on the ground and speculate about the atmosphere and conditions all you want but you can only actually obtain the scientific facts by going up. I think a balloon can go higher than anything else but Anderson said last night that it might be possible to make experiments by jet propelled planes."

Colonel Stevens joined the army in World War I and served as an aerial photographer over the German lines. He has since been head of the aerial photography section of the army research division at Wright Field, Dayton, O. The Stevens established their permanent home in San Carlos 2½ years ago.

The balloon which set the world record held 350,000,000 cubic feet of helium when filled, was the largest free balloon ever built, and was so immense that it could contain a 12-story building. It took nearly 12 hours for the helium to be released into the balloon from gas cylinders connected by pipe line to the balloon base.

More than 300 cavalrymen from Fort Meade helped the ground crew during the inflation and take-off. The huge craft rose at 500 feet per minute and drifted southwest. It took off at 7 a. m. from the sheltered Black Hills bowl known as the Stratocamp, 11 miles west of Rapid City, and by 12:10 p. m. had reached the 72,000-foot mark. Inside the metal gondola, Anderson and Stevens were kept alive by oxygen tanks.

The scientists waited 2½ months after the balloon was ready to be filled for weather conditions to be exactly right. Stevens said it was just chance that the flight day happened to be Armistice Day.

The first balloon with Stevens, Anderson and Kepner aboard in July, 1934 crashed to earth in Nebraska after reaching 60,000 feet. A Russian balloon also in that year ascended to 72,000 feet but its crew was killed before it could be brought safely back to earth.

Colonel and Mrs. Stevens went to Poland twice after the record-setting venture to help the Poles with their experiments. They were the last Americans to leave the Warsaw Hotel before the Germans marched in. To date, no one has succeeded in nearing the mark set Armistice Day, 1935, by the two army officers.

Blood transfusion bottles are sealed with a dark green band which becomes orange when the bottles are sterilized for use.

Glass consists primarily of a combination of silicic acid with an alkali (either potassium or sodium).

How to enhance your holiday baking

The stand-by recipes for holiday baking have a new taste-thrill when you add an ingredient that is different and tantalizing in flavor. An ideal pastry for mince, pumpkin and apple pie is:

ORANGE OR LEMON PASTRY

To your standard pastry recipe add 1 to 1½ table-spoons of grated orange or lemon rind to the flour and shortening mixture. (Part orange or lemon juice may be used for the liquid.)

Or you might like a change from Pumpkin Pie to Sweet Potato Pie. Here is my favorite recipe:

SWEET POTATO PIE

2 cups mashed sweet potatoes
3 eggs
1 cup sugar
1 tsp. mace
½ tsp. salt
½ cup milk
½ cup orange juice
1 tsp. lemon juice
2 tbsps. grated orange rind
½ cup melted butter
Unbaked pastry shell
6 tbsps. sugar

Boil potatoes in jackets, peel; mash and measure. Separate eggs, beat yolks until light; add sugar mixed with mace and salt. Combine with sweet potatoes; add milk, orange juice, lemon juice, orange rind and butter. Place in unbaked pie shell. Bake in hot oven (450° F.) for 15 minutes; reduce to moderate oven (350° F.) and bake 45 minutes longer. Make meringue with egg whites and 6 tbsps. sugar. Spread roughly on top of pie; return to oven; bake in moderate oven (350° F.) 15 minutes. Makes 1 9-inch pie.

Or what about a simple pudding—one that has sheer elegance of flavor! Serve your favorite sauce with:

QUEEN'S TASTE PUDDING

1½ cups flour
2½ tbsps. baking powder
½ tsp. salt
1 cup sugar
½ cup milk
½ cup softened shortening
1 egg
1 tsp. vanilla extract
½ cup sliced maraschino cherries
½ cup chopped nuts

Sift and measure flour; sift with baking powder, salt and sugar into large bowl. Measure milk into cup and add enough shortening to bring it to the 1-cup mark. Pour milk and shortening into bowl containing the flour; add unbeaten egg and flavoring. Beat with rotary beater for 1 minute, or until batter is smooth. Add cherries and nuts; mix. Pour into well-greased cake pan (8 x 8 x 2). Bake in moderate oven (350° F.) 25 minutes, or until done. Serve hot with your favorite sauce. Serves 8 to 10.

TURKEYS

At Safeway you'll find turkeys that will roast golden brown—tender and delicious. That's because each bird is carefully selected and prepared. Your special bird... one that is just right for your Thanksgiving dinner... order right now and it will be all ready for you when you want it. Safeway turkeys are guaranteed to please you or your money will be refunded in full.

Prices in this Ad are effective Thursday, Friday and Saturday, November 16 - 17, in San Francisco, Oakland, Alameda, Berkeley, Hayward, Richmond and other cities and towns (except Menlo Park) in San Mateo County and Alameda and Contra Costa Counties, unless changes are required as a result of new OPA regulations.

Boy Scout News

Wayne Burke, district cub scout commissioner, will preside over the opening session of a Cubbing Seminar to be staged at the McKinley School in Redwood City on Monday, Nov. 19.

The seminar will feature the discussion of pack organization, principles of leadership and planning and operation of programs for packs. Subsequent sessions will be held on Nov. 26 and Dec. 3. Each meeting will begin at 7:30 o'clock in the evening.

The seminar is open to members of pack committees and cubmasters in the southern district of the San Mateo County Council, which includes the communities of Belmont, San Carlos, Pescadero, Menlo Park, Woodside, Atherton, East Palo Alto and Redwood City.

C. C. Armstrong was unanimously re-elected to the position of chairman of the Southern District Boy Scout Committee at the regular session held at the city hall in Redwood City last Wednesday. On the same ballot H. A. Glaves of San Carlos was named as district vice chairman. A special guest of the evening was L. Dematteis, former chairman, recently returned from the armed services, who received a rousing ovation from the assembled Scouters and was voted as a permanent member of the committee on a standing vote of the members.

Also present were N. Vitale, Rev. Father T. J. McKeon, John Metcalf, S. E. Marcus, George R. Angus, W. P. Stevens, P. H. Bozzo, G. A. Cook, Ferd Prince, Verne Rogers, H. T. Gunderson, A. C. Brown, W. A. Gueffroy and E. A. Barrer and Chet E. Wilson of the council executive staff.

Troop 105—Nineteen were present for the last meeting at Scout Hall under the direction of T. J. Seitz, scoutmaster. Lambert Molleson was admitted to membership as a tenderfoot Scout and Bill Seitz joined the unit as a transfer. A report on

Laborer Recovers From Fall Here

Michael Brady, 31, laborer, 2345 Middlefield Rd., was recovering at Community Hospital Tuesday, from effects of a head wound suffered early Sunday when he fell in a field near National Motor Bearing Co.'s plant, Redwood City police reported.

Brady, who at first said he had been struck by a taxicab, was taken by police to the hospital at 2 a.m. Sunday after passersby said they had seen a man lying near the highway.

Officers Herman Estes and Albert Hoffman, who investigated, said Brady had apparently stumbled and struck his forehead on a rock in the field. Previously, police had been asked to take Brady in custody by managers of a dance on grounds he had been annoying dancers, but had been unable to locate him.

the recent hike to the Butano Forest was heard during the business session and plans for the distribution of the Christmas seals were made. Patrol meetings were held and the senior patrol was listed as winner of the October contests.

Troop 100—E. H. George, scoutmaster, was in charge of the last meeting of the troop at Scout Hall, attended by 23 of the membership. Mr. Lewis was introduced as the new assistant scoutmaster and was welcomed with a big yell. Work on advancement and a game period concluded the session.

Ship 145—Cleanup of crew's quarters was the order of the day at the last meeting of the ship at Scout Hall. Sixteen were in attendance under the direction of Warner Britschgi, skipper.

Troop 143—Special work on rope lashing and advanced knots was the highlight of the last regular meeting Nov. 5, with Hamilton L. Day, scoutmaster, in charge. Eighteen were present. A business meeting and a game period concluded the session.

LOOK, TWIGGS, YOU'RE A BIT OF A FERRET!—A SOFA VANISHED FROM THE OWLS CLUB—CHEMICAL ANALYSIS OF HAIR IN THIS COMB FOUND AT THE SCENE OF THE FOUL DEED REVEALS THAT THE THIEF WAS DARK—THE BROKEN COMB INDICATES CARELESSNESS! HOW'S THAT FOR A START?

YOU'RE SHOOTING BOTH BARRELS AT A WOODEN DUCK!—WHEN I OUTGREW THAT COMB SOME YEARS AGO, YOU THOUGHTFULLY BORROWED IT PERMANENTLY—THAT'S YOUR OWN HAIR IN IT, SO YOU'D BETTER SNIFF UP ANOTHER CLUE!

TAKE IT OUT AND COMB THE CITY, SHERLOCK!

I CAN'T SLEEP FOR THINKING I'M A FOOL, HUNTING MAPS OF LOST SPANISH MINES HIDDEN IN LOST LONGHORNS! OLD STIFFY HAS SENSE—HE'S GOING BACK TO THE RANCH—SO AM I!

I CAN'T KEEP FROM THINKIN' THEM THET HAS GITS!—WES IS REEKN' RICH AND—WELL, THEM THET HAS GITS!—SPECT MEBBE I BETTER GO BACK—NO, BY—WELL—BUT THEM THET—NO—NO—

HEROES ARE MADE—NOT BORN

MAYBE YOU'D JOIN OUR GAME OF GIN RUMMY, NIKI—OR ARE YOU AFRAID OF LOSING FACE?

NIKI IS AFRAID OF LOSING FACE—MY GUN, ONGO...

IS TIME FOR A FEW HANDS BEFORE NIGHTFALL—AND YOUR DISPOSAL

YOU DEAL IT'S A BOTHER WITH OUR ARMS TIED

HOPE HE DOESN'T TASTE THE POISON HE'S LICKING OFF HIS THUMB

WELL, HERE'S A CHANCE TO PROVE YOU'RE A BIG GIRL! LET'S SEE HOW YOU CAN COOK!

WELL, IT'S A BOTHER WITH OUR ARMS TIED

IF YOU'RE TALKING ABOUT ME, YOU SHOULD SAY BABY CHICK—YOU SEEM TO THINK I'M A LITTLE GIRL!

WELL, HERE'S A CHANCE TO PROVE YOU'RE A BIG GIRL! LET'S SEE HOW YOU CAN COOK!

RED, YOU'D BETTER CALL!—AND LITTLE BENDER, WHAT YOU DOIN' HERE?

WE GOT HUNGRY FOR FRIED CHICKEN, DUCHESSE!

SURE IT AIN'T SUN-KISSED CHICKEN?

WELL, IT ISN'T!—DE!

IF YOU'RE TALKING ABOUT ME, YOU SHOULD SAY BABY CHICK—YOU SEEM TO THINK I'M A LITTLE GIRL!

WELL, HERE'S A CHANCE TO PROVE YOU'RE A BIG GIRL! LET'S SEE HOW YOU CAN COOK!

WELL, I DIDN'T LIKE HIS LOOKS... HIM TOTIN' A SCATTER-GUN... SO I PARTED HIS HAIR WITH A SLUG!

YOU DUMB TRIGGER—HAPPY DOPE! NOW THE FAT REALLY IS IN THE FIRE!

OH, WELL, I'VE GOT TO BUILD US OUR OWN TIME-MACHINE...

...SO I'D SAY IT WAS TIME TO BLOW!

AW, WHY ARE YOU GUYS IN SUCH A SWEAT? I SCARED TH' PANTS OFF TH' OL' GUY... HE WONT...

BUT HERE I AM, TELLING YOU ABOUT MARRIED LIFE, AND YOU'VE BEEN MARRIED ABOUT A LOT LONGER THAN I HAVE, HORNER!

YES, OH I COULD TELL YOU A LOT ABOUT MY MARRIED LIFE...

BUT YOU WOULDN'T BELIEVE ME!

YES, SIR! I MIGHT AS WELL MOVED IN NEXT DOOR RUGGLES! YOU AND YOUR WIFE SEEM TO HAVE SUCH FUN!

WE DO! I RECKON THERE'S NOTHING TO COMPARE TO A SWEET WIFE!

I SUPPOSE SO!

BOOTS—WELL, SHE JUST SORT OF COMPLETES MY PICTURE! SHE MAKES EVERYTHING SEEM SO RIGHT!

BUT HERE I AM, TELLING YOU ABOUT MARRIED LIFE, AND YOU'VE BEEN MARRIED ABOUT A LOT LONGER THAN I HAVE, HORNER!

YES, OH I COULD TELL YOU A LOT ABOUT MY MARRIED LIFE...

BUT YOU WOULDN'T BELIEVE ME!

DOUBLE TROUBLE

HURRY UP AND FINISH YOUR LUNCH!

JOHNNIE WON'T EAT THA DOG FOOD, MOM!

DOG-FOOD!?!—WELL—I-LIKE-THAT!!

OOH, MOM I HEARD VA SAY IT!!—Y' TOL HIM IT WAS COLLIE FLOUR-DINTCHA!?

FRECKLES AND HIS FRIENDS

IF YOU DON'T DESIRE MY COMPANY AT THE SKITT CLUB DANCE, THAT'S YOUR PRIVILEGE!

BUT, JUNE, I—

IT'S OBVIOUS THAT YOU PREFER THE EXPLOSIVE-TYPE FEMALE! SO GO AHEAD—TAKE THAT ATOMIC BOMB TO THE DANCE TONIGHT!

AND IF SHE BLOWS UP IN YOUR FACE, DON'T LIMP OVER TO MY HOUSE, LICKING YOUR WOUNDS!
